1. Check f <= M g
Set count k = 0
2. Draw fresh Y from g
and U from Unif(0, 1)
(independently)
3. Is U <=
f(Y) / [M g(Y)]?
Yes
Save Y
k = k + 1
No: discard Y
4. Is
k = n?
Yes
Return the n
saved values
No: keep drawing
